World sweet home

Open the door to an ever-changing panorama

Let new discoveries and adventures get your imagination started. With Rimor, the whole world is now your home. We have been building motorhomes and vans for over 40 years, taking inspiration from the place closest to us to make sure you're as comfortable as possible. Functional and welcoming, spacious and comfortable, vehicles that are a true expression of design and all-Italian production.

Rediscover freedom of movement at the seaside and in the mountains, in the city and the countryside. With Rimor motorhomes and vans you'll feel at home, wherever you choose to go.

HORUS

Your made-to-measure adventure

All the fun you want in a compact size

Horus is the perfect choice for those who love living on the road. Its agility and extreme manoeuvrability make it the perfect vehicle for outdoor enthusiasts, with no limits to their imagination... or age. The four models feature three different sleeping solutions to suit all needs, and can accommodate up to 5 people.

A new idea of movement, able to combine comfort with the appetite for adventure. You'll feel the thrill of experiencing nature from a privileged position, which only opening the tailgate onto a breathtaking panorama can provide. With Horus, wonder has no limits. Take the first step towards what you desire.

HORUS 66
HORUS 95

A dinette to live your way

Horus offers everything you need to experience adventure, and more. Starting with the configurations. You can transform Horus 66 with just a few movements: its rear zone changes from a garage for your passions into a comfy sleeping area...into a cozy lounge. Horus 38 has a comfortable transverse double bed and foldable base. Horus 45 features a fully modular overlapping double bed. Horus 95 offers you a twin bed solution with pneumatic slatted bases.

Its characteristics adapt to your style – the new wall units have a decorative 3D touch effect and a convenient push/pull opening system. The upholstery is outdoor lover-approved thanks to durable, washable and water-repellent microfibre. There's also a functional storage system that saves you even when you're on the most winding of roads.

- 1 **New height adjustable car headrests**
- 2 **Driver's cabin blackout blind** as standard
- 3 **Sliding blinds with integrated fly-screen**
- 4 **Panoramic windows** with comfortable sliding opening handle

- 5 Storage compartments with elastic bands
- 6 Interior wardrobe lighting and adjustable reading lights
- 7 Removable smart table with extension which can be used as an outdoor table
- 8 90 L compressor fridge mounted at eye-level for easy access
- 9 Electric access step with safety system connected to the dashboard
- 10 External water supply with shower as standard

Other features: Combi Gas heating system as standard, 220/230 V sockets in both kitchen and dinette, USB outlets in both living and sleeping areas, Isofix attachment points (optional), large storage compartments above the driver's cabin, cabinets with push/pull opening, rear heating with dedicated vents, dinette which transforms into an extra bed, high-density comfort mattresses with removable covers which are anatomical and hypo-allergenic

HORUS

38

The double bed option gives you up to 192 cm of space for a comfortable sleep – all in under 6 metres. With the Horus 38, you can decide every day where to start your day, among the vineyards in the countryside or right outside a beautiful city.

- A **comfortable double bed** leaves space for storing luggage and bicycles with a simple gesture.
- The kitchen and seating area can be adapted to suit your daily needs thanks to **the kitchen extension and the removable smart table with extension**, which can also be used as an outdoor table.

HORUS

95

The perfect choice for anyone who loves their personal space. The two twin beds in the rear provide loads of liveability and personal comfort, as does the dinette that converts into a bed in a few simple steps. The compact, spacious kitchen and the practical pull-out table of the Horus 95 give you the freedom to decide between a toast under the stars and a gourmet dinner, no matter when or where.

- **Twin bed divider with steps.** By night, a handy step for climbing into bed, by day it acts as a divider that ensures that everything stays in place in case of emergency braking during your journey
- **New thermoformed swivelling bathroom washbasin** to ensure space for every need (toilet/shower)

(Standard)

Legal information about the weights

Mass in running order

The mass in running order of the type-approved vehicle includes: driver, fuel tank filled to 90% of its capacity, clean water tank filled to 20 l (using the special discharge valve) and gas cylinders (max. 15 kg) filled to 90% of their capacity.

The calculated mass in running order has a tolerance of +/- 5% compared to that of point (b) defined at the time of type-approval. Everything not included in the vehicle's standard version, both living pod and chassis, increases the weight in running order with the consequent reduction in the useful load up to the possible reduction of the total number of belted seats compared the type-approved ones.

The available useful load is the difference between the maximum mass permitted with full load and the mass in running order plus the weight of the passengers. It is therefore advisable at the time of purchase to pay special attention to the weight of the optionals you intend to install on the vehicle.

Overall mass

The overall mass is the total mass of the vehicle that must not be exceeded.

Potable water tank while driving

The clean water tank must contain 20 litres of water, using the supplied discharge taps, when the vehicle is in running order.
